Sub-Committee on Accreditation

21 June 2018

Dear Mr. Mikalsen,

I would like to thank you for your interest in the accreditation process and your contribution.

I am writing to inform you that at its May 2018 session, the SCA had before it the information from your organization, which was shared with the NHRI of Norway, and its response to it.

In accordance with the SCA's procedures and practices, the SCA reviewed the information brought to its attention during its session in May. Following deliberation, the SCA decided not to take any further action.

Yours sincerely

Magali Lafourcade
